Hello Sandra and Jocelyn!

I have not forgotten you!! This was a busy summer, and we could never work out a date to get together to finish your drums.... oooopss.

Well, fall has come and soon it will be winter. I would love to come up to Millville to see you and to see the children again. Believe me, you guys changed my life! I will never forget those wonderful children and your positive and loving energies.

Your district has been in touch with me to develop a proposal for the Southern Carleton Elementary school, and we submitted one yesterday through Joann Boone and Jason Elliott. Michael Paul from the Woodstock First Nation is my community contact.

By the way, tonight I am holding a gathering about the drum at Laurie Yeates home at 165 Shaw Lane in New Maryland. We will be using the Sacred Talking Circle format for sharing. You would be most welcome.

Have a great day dear friends.
Carlos
