Jody

Dear Minister Carr:

At the District Education Council's (DEC) public meeting last evening, we had discussions about Burton Elementary School. As a result of these discussions, the following motion was passed:

*"... that the District 17 Education Council advise the Minister of Education that it intends to study the sustainability of Burton Elementary School and will proceed in accordance with Policy 409: Multi-year School Infrastructure Planning, Section 6.4.1."*

Please be assured that the process will be followed as outlined under *Section 6.5, Public consultation on a school's sustainability*, of the policy mentioned above.

Yours truly,

  
Marty Forsythe  
Chair, District Education Council  
School District 17
