

Why host a student?

Over the years, hundreds of New Brunswick families have welcomed international students into their homes, helping young people achieve a positive cultural and academic experience in our province.

Hosting a student can:

Transform young lives

Create lasting connections

Deepen your understanding of different cultures

Make global friendships

AEI is now accepting host families for terms ranging from eight weeks to a full school year.

Our thoughtful matching process will pair you with a student based on shared interests and compatible personalities. A monthly financial stipend is provided to hosts by AEI.
