Grade 6 & 10 French OPIs are normally conducted alternating years with a random sample of students. (sample size = minimum of 10%)

* A Grade 6 OPI sample for *Early FI Only* was drawn in 2022-2023, though it was not the usual sequence. This was done to capture the results of the first G6 cohort to have entered the FI program in Grade 1 and will serve as a baseline for future tracking.

** Grade 10 OPI results are not releasable. Due to a pervasive technological issue, a large number of students were not able to demonstrate their true proficiency.

Note: OPI - % of students in all programs – at Intermediate & Above
