Learning Lead Team.

ASD-W

Anglophone School District West

Anglophone West School District staff may utilize AI tools as needed to support educational and professional activities. These tools will be used responsibly and in alignment with the ASD-W guidelines outlined below.

Approved Platforms: Only use AI tools and platforms that have been approved by Anglophone West School District.

Age Restrictions: Ensure that AI tools are appropriate for the age group of students. Adhere to policy 311 and its appendices.

Data Privacy: Only use AI tools and platforms that have been approved by Anglophone West School District. Prioritize data privacy. Students' personal information, such as names and addresses, should not be entered into AI systems. Educators are not to upload student work into AI systems.

Ethical Use: Ensure that AI tools are used to enhance learning and not replace human interaction. AI should support and empower teachers, not to serve as a replacement for them. Incorporate your own insights and adapt the material to your students and their learning environment.

Be mindful of potential inaccuracies and biases in AI algorithms review AI outputs carefully to ensure accuracy and fairness.

Monitoring and Evaluation: Regularly monitor the use of AI tools to ensure they are being used appropriately and effectively. Evaluate the impact of AI tools on student achievement and growth and adjust as needed.

Digital Citizenship: Educate students on digital citizenship and the responsible use of AI. This includes understanding the ethical implications of AI and how to use technology safely. Encourage critical thinking of AI-generated content and its reliability. AI knowledge may be limited to data up to a certain point and may not provide accurate information on recent events or topics.

Feedback and Improvement: Gather feedback from students and teachers on the use of AI tools. Use this feedback to make improvements and address any concerns.

Training and Support: Connect with a Digital Learning Lead for ongoing support and resources to help integrate AI into your teaching practices. Digital Learning Team:
