Report Filed By: David McTimoney, Superintendent

Report Supported By: Shawn Tracey, Director of Finance and Administration
Terri McKellar, Budget and Accounting Manager

Superintendent Interpretation:

- The superintendent must ensure that the financial position does not place undue strain on the ability of the school district to maintain its focus on achieving a balanced budget and preventing loss of services to its stakeholders.
- The Superintendent must ensure that financial management staff follow Generally Accepted Accounting Principles (GAAP, CPA Handbook) and that any material discrepancies are investigated and reported during the financial reporting cycle.

Justification:

- The District Education Council has authority under the Education Act, Sections 36.9(4), 50.2(3) & Regulation 97-150, Sections 7-10, to develop a balanced expenditure plan and follow government accounting requirements for revenues and expenses.

- The Education Act, Section 48(1), outlines the duties of the superintendent. One requirement is to ensure district and provincial policies are followed.
- Regular reporting ensures that Policy 101 Section 6.1.4.2 is followed and that the school district cannot incur deficits in either the capital or operating budgets.

Compliance:

- Financial reports are prepared by district financial staff and reviewed regularly, engaging the superintendent as required and upon request.
- The superintendent reviews quarterly reports, presented to the District Education Council by district staff for approval and for submission to the Department of Education and Early Childhood Development (EECD) in accordance with the schedule set out by EECD.
- The Fourth Quarter Report shows a global budget of \$342,647,761 and actual expenditure plus planned expenditures of \$344,577,153, leaving us with a projected deficit of **\$1,929,392**.
- Primary areas of concern are that the number of Educational Assistants (EA) to support student needs has exceeded the original funding provided by the Department of Education and Early Childhood Development.
- EECD has acknowledged our challenges and has agreed, in writing, to cover our deficit in the area of Educational Assistants.
- There are also concerns regarding replacement costs across the employment classifications, minor repairs, and cleaning supplies.
- The mandated Fiscal Budget Reduction Plan is accounted for in this report. The \$6.216 million in reductions is having an impact on our operations and we have had to make adjustments.
