Mr. Francois Godin
Director of Facilities and Transportation
Department of Education and Early Childhood Development (EECD)
Place 2000, P. O. Box 6000
Fredericton, NB E3B 5H1

Dear Mr. Godin:

In accordance with section 6.1 of EECD Provincial Policy 409 – *Multi-year School Infrastructure Planning*, Anglophone School District West (ASD-W) is submitting our Major Capital Project Priorities for 2027-2028 for the Minister of Education and Early Childhood Development's consideration.

Major Capital Project Priorities, in order, are:

1. A new K-5 School to replace Garden Creek Elementary/Kingsclear Consolidated School
2. A new City of Fredericton High School
3. Plaster Rock School Review K-12 Rationalization
4. Minto/Chipman Schools Building Assessment to assess a K-12 school in the community
5. Replacement School for John Caldwell School

We are of the understanding that a Garden Creek/Kingsclear Rationalization project would be placed in at least the same spot that the Garden Creek Building Assessment once held, namely between the Saint John High School Midlife Upgrade and the Carrefour Beausoleil Midlife Upgrade and Addition, unless otherwise scored higher.

The District Education Council would like to revise the Stable Departmental Infrastructure Priorities listing for a Keswick Ridge Replacement school to be reflected as a Replacement School for Keswick Ridge/Keswick Valley Memorial School, as recommended in the Ernst and Young report presented to Council earlier in May and prepared for your office.

The District Education Council would also like to stress the importance of Devon Middle School on the Stable Departmental Infrastructure Priorities list, which should be prioritized due to the increased enrolment and the extremely limited and antiquated space to meet student needs.

We will send the facility status review of each school, in compliance with Section 6.1, via email in the near future.

Sincerely,

Shawn Tracey
Director of Finance and Administration
Anglophone School District West
